

November 2023

OLTCC's team is working with stakeholder partners to research and prepare a submission to Government to address the challenges in the recruitment of Medical Directors across the province. The brief will include existing studies and research, front line realities, present barriers and possible solutions.

The executive team continues to participate and contribute at the Technical Advisory Table with specific frontline feedback on the administration and uptake of vaccinations and Remdesivir.

The Minister of Long Term, the Honourable Stan Cho, joined the Minister of Health, the Honourable Sylvia Jones in a joint announcement to increase the number of PSWs working in Long Term Care through a new \$300 million incentive program:
